Components

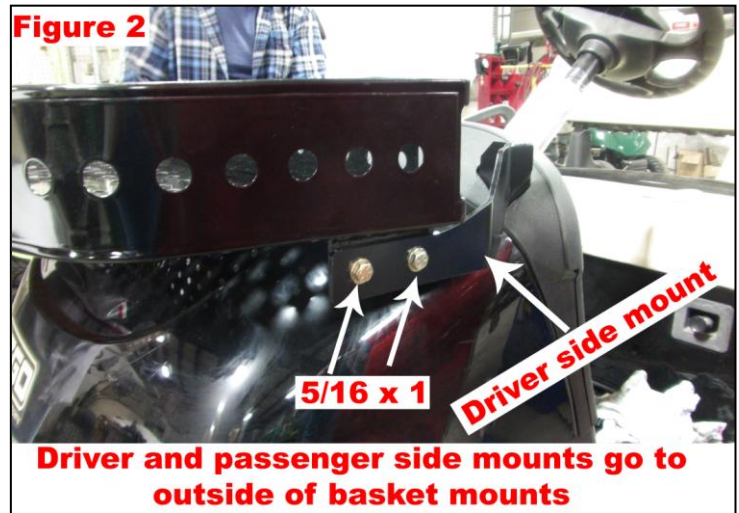

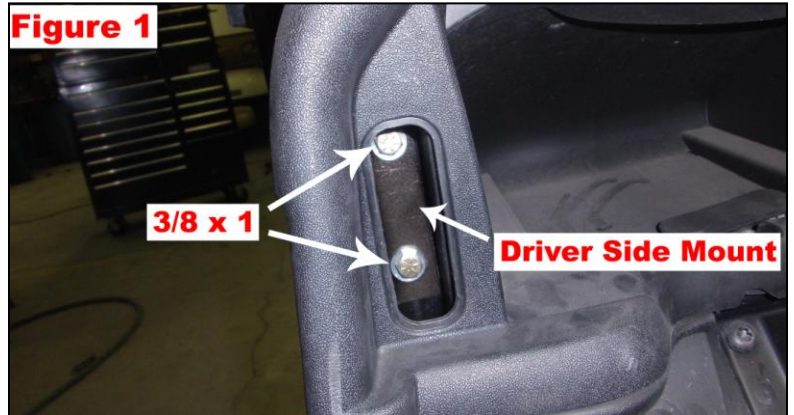

- 1-Basket
- 1-Driver side mount
- 1-Pass. side mount
- 1-Hardware Kit

Always wear appropriate eye protection!

Installation Instructions:

1. Remove the plastic plugs in the dash from both the driver and passenger side of the car as shown in FIGURE 1.
2. If you have a roof on the car this will expose the roof struts. Unbolt the roof struts from the exposed roof strut mounts. You will need to have someone hold your roof up or prop the roof with a broom handle.
3. Mount the driver and passenger side basket mounts (along with the roof struts if you have a roof) to the stock roof strut mounts using the supplied 3/8 x 1 bolts and washers as shown in FIGURE 1. **NOTE: The basket mounts are side specific. The above picture shows the mounts as you would be looking at the front of the car.**
4. Place the basket into place. **NOTE: The mounts on the basket go to the inside of the mounts you mounted to the car as shown in FIGURE 2.** Mount the basket to the driver and passenger side mounts using the supplied 5/16 x 1 bolts, washers and locknuts.
5. Securely tighten all bolts.
6. Reinstall plastic plugs on driver and passenger side of the dash.
