

Yamaha Drive Sport Windshield

Part# 7482

Parts List

Windshield Assembly-1
Hardware Kit-1

Always wear appropriate eye protection!

Installation Instructions:

1. If your car has a roof it will need removed. Remove the stock rubber grommets from the car as shown in FIGURE 1.
2. If the grommets you removed have holes for the roof struts slide them on each side of the new windshield. If your grommets do not have holes in them you will need to cut holes in them and then place on each side of the new windshield.
3. Place the new windshield into the stock roof strut mount location. **NOTE: The windshield is made to lean slightly back towards the steering wheel of the car.**
4. Bolt the windshield frame into place using the supplied M8 x 1.25 x 20 bolts and flat washers as shown in FIGURE 2.
5. Reinstall grommet and slide into place as shown in FIGURE 3.
